Doc Savage: Bantam Books paperback covers

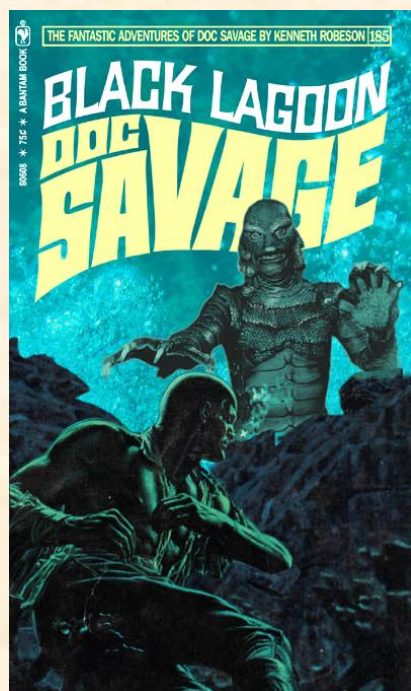

**StealthSkater note:** The following are fantasy Doc Savage covers based on what Keith "Kez" Wilson (<http://docfantasycovers.com>) thought would make worthy adversaries for Doc. Many of these are obviously taken from past popular science-fictions in and I've noted those titles with the cover. Please [email me](mailto:rahalterman@gmail.com) if you can supply the missing ones. Special thanks goes to Robert Halterman ([rahalterman@gmail.com](mailto:rahalterman@gmail.com)) and Travis Witty ([leonegri@yahoo.com](mailto:leonegri@yahoo.com)) who do know the oldies-but-goodies movies from the past.
